Portfolio

OBJECTIVE

“As a Computer Science student, I seek to start my professional career in a reputed organization. I aim to apply my technical knowledge and problem-solving skills to real-world projects while learning emerging technologies and contributing to the company’s growth.”

EDUCATION

Malla Reddy College of Engineering, Hyderabad
B.Tech in Computer Science and Engineering
CGPA: 8.7

2022 - 2026 (Pursuing)

SKILLS

Technical Skills	Python, MySQL, Basics of Java, C
Web Technologies	HTML, CSS, JavaScript
Frameworks	React.js, NumPy, Pandas, Matplotlib
Soft Skills	Time Management, Communication, Adaptability, Problem Solving, Leadership, Teamwork

EXPERIENCE

React Development Intern

Jul 2025 - Sep 2025

WebDzen Technology

Remote

- Developed an interactive Virtual Try-On web application using React.js for clothes, accessories, and spectacles.
- Designed a responsive UI with reusable React components for seamless product switching between men’s and women’s collections.
- Enhanced frontend performance, component reusability, and modular coding practices.

Python Development Intern

Apr 2025 - May 2025

Cognifyz Technologies

Remote

- Worked on Python scripting, data handling, and small project integrations.
- Demonstrated problem-solving skills and eagerness to learn new technologies.
- Collaborated effectively with a remote team to optimize performance.

PROJECTS

Plant Disease Identification and Pesticides Recommendation ([GitHub Link](#))

- Developed a CNN model to identify plant diseases from leaf images and recommend suitable pesticides.
- Preprocessed images and trained CNN models using TensorFlow for efficient deployment.

Library Management System ([GitHub Link](#))

Built a GUI-based Library Management System using Python (Tkinter) and MySQL with user authentication and book management features.

Analysis and Detection of Autism Spectrum Disorder ([GitHub Link](#))

- Created an ML model using SVM, ANN, KNN, and CNN for early autism detection based on behavioral and clinical data.

CERTIFICATIONS AND ACHIEVEMENTS

- Certified in Cyber Security by Cisco
- Completed Web Development course via Internshala
- Attended Workshop on PowerBI by OfficeMaster
- Completed Python and Java courses on Udemy
- Participated in Data Analytics Workshop using Excel by Newton School
- National Merit Scholarship Finalist
